Contains milk.

†These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

WHAT'S INSIDE?

COLLAGEN

Collagen is the largest and most abundant protein in the body, making up about 30-35% of the total protein. Collagen is in every tissue of the body and is the connective tissue in structures such as skin, hair, nails, bones, lungs, heart, and liver. It is often referred to as the glue that holds the body together. The beauty-boosting bovine collagen creamer from Saba Empower™ Collagen Creamer + helps promote healthy hair, skin, nails, joints, bones, and connective tissues.†

MCTs:

Medium-Chain Triglycerides (MCTs) are one of the healthiest fats. Unlike long-chain triglycerides, MCTs do not raise unhealthy cholesterol levels and calories are not stored in the body as fat. The fatty acids of MCT Oil are metabolized more efficiently in your body, converting fat into fuel by increasing ketone production. This helps to boost and sustain your energy output, sharpen mental focus, enhance mood and boost brain functions.†

SUPPORTED BY SCIENCE†

Saba Empower™ is a new and effective formula that supports all your energy, appetite control and healthy weight loss needs with patented and clinically studied ingredients. LeanGard® weight loss technology, TeaCrine® nootropic technology, and Caralluma fimbriata work to help control your hunger while caffeine and B vitamins extend the energy curve. This formula can help you achieve results so you feel ultra-premium all day. This product is for anyone interested in managing their weight, increasing energy and improving their overall well-being. Saba Empower™ enhances energy production and helps you feel more alert, focused and energetic without performance plateaus – so you enjoy a smooth lift and no crash.†

INGREDIENTS YOU CAN TRUST

Saba Empower™ is a Natural Weight Loss and Fat Burner that includes only clinically studied natural and powerful herbs, vitamins, minerals and caffeine that have been shown to help suppress appetite, aid in weight loss, give you more energy, and increase your metabolic rate. On top of that, you'll be feeling happier and more confident with these scientifically proven ingredients that can help to boost your mood, improve your focus, enhance your motivation and increase your endurance.†

KEY BENEFITS

- FAT LOSS†
- WEIGHT LOSS†
- FATIGUE RELIEF†
- APPETITE CONTROL†
- SUPERIOR ENERGY†
- HEALTHY BODY COMPOSITION†
- IMPROVED COGNITION†
- NO CRASH†
- FAST ACTING†
- ENHANCED FOCUS†
- BETTER CONCENTRATION†

POWERED BY TEACRINE® –
THE MOST ADVANCED ENERGY
AND NOOTROPIC TECHNOLOGY

TEACRINE®

WHAT IS TEACRINE? TeaCrine® is a patent-pending compound containing pure theacrine, which can be found in natural sources such as the Camelli a assamica var. kucha tealeaf, coffee and certain exotic fruits. A nature-identical compound, TeaCrine® delivers energy, mental clarity, and improved motivation and mood. It does not increase heart rate or blood pressure and is not a stimulant.†

REAL BENEFITS, UNDENIABLE RESULTS

TeaCrine® provides the edge in the fiercely competitive and rapidly growing markets of energy, sports performance, and cognitive achievement.

TeaCrine® fuels the body through three primary mechanisms.

- 1. HEIGHTEN MENTAL FOCUS** Better neural drive gives you mind-over-matter results. Whether you're trying to set a personal record at the gym, or simply mowing through tasks at work, TeaCrine® provides better focus to achieve your goals.†
- 2. INCREASE ENERGY PRODUCTION** TeaCrine® inhibits adenosine, which decreases feelings of fatigue for longer, stronger workouts.†
- 3. IMPROVE MOOD AND MOTIVATION** Supports positive mood and heightened motivation to exercise.†

**WHAT IS LEANGARD®
WEIGHT LOSS
TECHNOLOGY?**

LeanGard® is a proprietary blend of natural extracts that supports healthy body composition and weight management. The constituents of LeanGard are ForsLean® (a patented natural extract from the roots of Coleus forskohlii (standardized to contain 10% forskolin), GarCitrin® (a natural extract from Garcinia cambogia fruit containing hydroxycitric acid and garcinol), and BioPerine® (a natural extract from black pepper fruit, a bioavailability enhancer).

MECHANISM

- **ForsLean®:** Forskolin helps build lean body mass and maintain healthy body composition
- **GarCitrin®:** Hydroxycitric acid in combination with garcinol supports satiety
- **BioPerine®:** Enhances uptake and utilization of the natural actives

HOW LEANGARD® WORKS

LeanGard® has an advanced spectrum of natural ingredients synergized to support satiety, lean body mass and a healthy body composition with the impact on healthy body weight. Composed of ForsLean®, GarCitrin® and bioavailability enhancer BioPerine®, the composite has been clinically evaluated for its safe and effective role in ideal weight management.

RESULTS FROM A RANDOMIZED, DOUBLE-BLIND, PLACEBO-CONTROLLED STUDY ON LEANGARD®:

WHAT IS CARALLUMA FIMBRIATA?

Caralluma fimbriata is a cactus-like plant that grows naturally in India, the Middle East, and North Africa. For centuries, civilizations have used Caralluma fimbriata as a powerful appetite suppressant. In ancient India, tribesmen would often pack a few sprigs of Caralluma fimbriata to sustain themselves on a multi-day hunt. They called this plant "famine food" due to its powerful ability to suppress hunger while enhancing stamina.

How Does Caralluma Fimbriata Suppress Appetite?

Caralluma fimbriata suppresses your appetite by targeting the hypothalamus.

Here's How It Works:

- 1) Your hypothalamus sends signals to your brain telling your brain that you need to eat.
- 2) After you've eaten, the hypothalamus sends signals to your brain that you've eaten a sufficient amount, and you're ready to stop eating.
- 3) Caralluma fimbriata intercepts signals going to and from the hypothalamus, which disrupts your natural hunger/fullness cycle and makes you feel less hungry.

These three-steps may help anyone eat less.†

CAFFEINE

Caffeine has been clinically proven to ward off drowsiness, decrease fatigue, increase alertness, and improve one's mood. Each Saba Empower™ capsule contains 150mg of caffeine, or about as much as a cup of coffee.†

B VITAMINS & FOLIC ACID

Your body needs B vitamins to convert carbohydrates into cellular energy (ATP). With a healthy dose of B6, B12 and Folic Acid, Saba Empower™ provides the fuel for efficient energy conversion.†

EXTREME

MORE ENERGY†

MORE THERMOGENIC SUPPORT†

SABA EMPOWER SMART PILLS - REGULAR VS EXTREME

Saba Empower Smart Pills™ contain a bioavailable combination of two clinically proven ingredients, LeanGard®, and TeaCrine® to help you break through limitations and optimize the quality of your life.

-LeanGard® is an advanced spectrum of natural ingredients synergized to support weight loss, appetite control, and decrease body fat accumulation. This composition is clinically evaluated with AWARD-WINNING patented ingredients: ForsLean®, GarCitrin®, and BioPerine®.

-TeaCrine® is clinically-tested to deliver better focus, concentration, and energy to break through performance plateaus and keep you in control with a smooth energy boost and no crash.

WHAT MAKES SABA EMPOWER EXTREME DIFFERENT FROM REGULAR EMPOWER?

Unlike regular Saba Empower, Extreme has more :

1. Extreme-thermogenesis†
2. Extreme Energy†
3. Enhanced Focus†

HOW DO I TAKE SABA EMPOWER EXTREME?

To assess your tolerance, for the first two days, take 1 capsule daily after breakfast. After 3 days and beyond, take 1 capsule in the morning 10 to 15 minutes after breakfast and 1 capsule in the early afternoon 10 to 15 minutes after lunch. For best results, use for 60 days combined with diet and training. Do not take within 5 hours of bedtime. Do not exceed 2 capsules in a 24-hour period. Drink 10 glasses of water daily for general good health. Read the entire label before use and follow directions provided.

Day 1 and Day 2: 1 Capsule, 1x daily

Day 3 and Beyond: 1 Capsule after breakfast and 1 capsule after lunch

smart weight loss
EXTREME

LIMITED EDITION

SABA EMPOWER EXTREME CONTAINS A POWERFUL BLEND OF BIOAVAILABLE INGREDIENTS

TEACRINE®

VITAMIN B6 [AS PYRIDOXINE HCL]:
Pyridoxine plays a key role in the metabolic process. It can boost thyroid activity and aid in metabolism of amino acids, starches and fats. Vitamin B6 aids in blood glucose regulation by helping convert stored nutrients into energy the body can use. †

VITAMIN B12 [METHYLCOBALAMIN]:
Vitamin B12 is a water-soluble vitamin that plays several roles in the body including the creation of red blood cells and how well your body uses calories consumed. Having enough Vitamin B12 can increase energy making it easier to increase activity and exercise. †

TEACRINE®:
TeaCrine® is a patent-pending compound containing pure theacrine, which can be found in natural sources such as the Camellia assamica, kucha tea leaves, coffee and certain exotic fruits. A nature-identical compound, TeaCrine® delivers energy, mental clarity, and improved motivation and mood. It does not increase heart rate or blood pressure and is not a stimulant. TeaCrine® has a multi-pronged effect that is ideal for demanding athletes and anyone striving to attain peak performance. Based on preclinical and human clinical research, TeaCrine® facilitates a wide range of healthy functions in energy, focus, mood and motivation. †

CARALLUMA FIMBRIATA:
Caralluma fimbriata is a cactus-like plant that grows naturally in India, the Middle East, and North Africa. For centuries, civilizations have used Caralluma fimbriata as a powerful appetite suppressant. In ancient India, tribesmen would often pack a few sprigs of Caralluma fimbriata to sustain themselves on a multi-day hunt. They called this plant "famine food" due to its powerful ability to suppress hunger while enhancing stamina. †

EVODIAMINE:
Evodiamine also acts as a thermogenic and has the unique ability to increase your overall resting core temperature. Many believe that this is the reason more calories and fat are burned for energy when taking Evodiamine. †

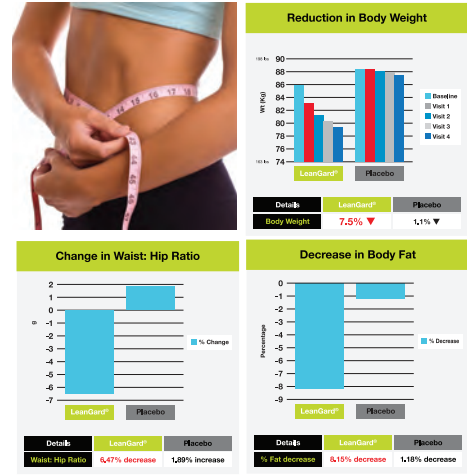

YOHIMBE BARK:
Yohimbe is used for athletic performance and weight management due to its ability to increase your body's fat burning abilities. †

FOLIC ACID:
Folic Acid is necessary for the healthy development of our cells and provides fuel for efficient energy conversion †

LeanGard®

LEANGARD®:
LeanGard® is a proprietary blend of natural extracts that supports healthy body composition and weight management. The constituents of LeanGard are ForsLean®, a patented natural extract from the roots of Coleus forskohlii (standardized to contain 10% forskolin), GarCitrin® (a natural extract from Garcinia cambogia fruit containing hydroxycitric acid and garcinol), and BioPerine® (a natural extract from black pepper fruit, a bioavailability enhancer).
MECHANISM • ForsLean®: Forskolin helps build lean body mass and maintain healthy body composition • GarCitrin®: Hydroxycitric acid in combination with garcinol supports satiety • BioPerine®: Enhances uptake and utilization of the nutrients. †
